

ProBatter™

The Ultimate Training Tool for Hitters

The Challenger™

ProBatter's First, Non-Video, Programmable Pitching Machine

After 20 years of producing the very best video pitching simulator in the world, ProBatter is now offering it very first, non-video, fully programmable pitching machine.

Relying on cutting edge technology and incorporating the lessons learned from 2 decades of designing and manufacturing cutting edge, video pitching simulators, the Challenger will set the standard for portable, programmable pitching machines, including the following features:

- Fully programmable, user friendly, touchscreen controller
- Transport wheels for ease of movement
- Ability to interchangeably and rapidly throw a variety of different pitches at speeds between 40-100MPH
- Pinpoint accuracy with ability to hit multiple spots both inside and outside the strike zone
- Optional Automatic feeder system available
- Optional kiosk controller available
- Upgradeable to a PX3 video simulator down the road
- Baseball, softball and cricket versions available

ProBatter Sports

Better Practice Better Play™

We even offer as an option, a ball tracking software product that can be integrated with the Challenger.
